Your Brand – Your Calling Plans – Your Mobile App

Bringing Together One-Touch Pinless Calling and Direct-to-Customer Messaging in a
Simple yet Powerful Smartphone App

NACT's Mobile App makes calling smarter, faster, and simpler. With auto provisoning upon opening the app, customers will be able to make calls with ease. Customizable with the distributor's image and brand, the app is designed to be a part of your business.

Your customers will love how easy the app is to use.

- Free Download
- No Access Numbers
- No PINs
- Direct Dialing via Contacts and Called Numbers
- Balance Display and Call History

The Notification Module provides promotion updates, marketing messaging and customer support to an individual Customer, groups of ANIs and/or all Customers without using SMS services.

With its hassle free interface and customizable design, our pinless application is built to help your business grow.

Coming Soon: Mobile Top-Up via the App, International App-to-App Calling, Global WiFi-to-PSTN Calling Features and more
